

KAdermin cream

PROMOTES THE WOUND HEALING

SCX TECHNOLOGY

INDICATIONS FOR USE:

The Medical Device **K**Adermin Cream is recommended for the treatment of minor wounds, cuts, minor burns and abrasions (ex. scratches).

KAdermin Cream creates an effective protective barrier as adjuvant for the natural tissue regeneration process by:

- helping to restore the normal physiological conditions useful to spontaneous skin regeneration;
- creating an environment protected from microbial attacks.

Hyaluronic Acid thanks to its adhesive properties, promotes tissue hydration. Dimethicone has a high-film-forming-protective power.

The SCX complex is made up of silicon dioxide functionalized with silver ions and chlorhexidine, thanks to its anti-microbial properties it ensures defense against external microbial agents.

INSTRUCTIONS FOR USE:

1. Clean and dry the affected area before application.
2. Apply the amount needed to the skin area to be treated.
3. After application do not massage and let the cream dry naturally by forming a continuous protective film.
4. Apply the dressing 1- 2 times per day.

WARNINGS:

- For topical use, do not swallow.
- Avoid contact with eyes, in case of contact with eyes, rinse immediately with water.
- Do not use under the age of 3 years.
- Do not use if the package is opened or damaged.
- Do not sterilize.
- Close carefully the package after use.
- Do not use after the expiry date stated on the label.
- Discontinue treatment in the presence of abnormal skin reactions.
- The application does not need medical personnel.

CONTRAINDICATIONS:

Ascertained hypersensitivity to the components. No cases of overdose phenomena or interactions with drugs and medicinal substances are known.

COMPOSITION:

Water, Cetylstearyl Ethylhexanoate, Isopropyl Myristate, Steareth-2, Steareth-21, Cetearyl alcohol, Glycerin, Panthenol, Sweet Almond Oil, Butyrospermum Parkii, SCX (Silicon Dioxide functionalized with Silver Ions and Chlorhexidine), Dimethicone, Aloe Barbadensis Leaf juice, Olea Europaea Fruit Oil, L-Lysine, L-Proline, L-Leucine, Glycine, Hydrogenated Phosphatidylcholine, Pentylene Glycol, Squalane, Ceramide NP, Sodium Jaluronate 0,2%

PRESENTATION:

Tube by 15 ml.
